
Caratos

CHAIRS

Antonio Citterio

Description

Caratos is the new chair distinguished by the elegance of its basic, geometric frame, with closely calibrated thickness and detailed, made of graphite painted or amber painted die-cast aluminium. This chair is definitely light, not just because of its essential and linear design, but also for its low weight and easy handling. The seat and back use structural panels of plastic material placed on a polyurethane layer, then covered with leather.
