Canvas Large Cabinet

Designed by Norm Architects

2020

Driven by an uncompromising devotion to natural materiality and form, the CANVAS COLLECTION echoes Norm Architect's seminal vision and distinctive design language. Released in 2020, the CANVAS LARGE CABINET is a discrete, sophisticated solution for minimising household clutter.

The star feature of the CANVAS LARGE CABINET is its series of sliding doors, designed to appear as separate elements yet bound together by a hidden handle, seamlessly tucked into the wooden groove. For a softer look, users can opt to add fabric panels to the outside of the doors, choosing between a soothing selection of muted, cohesive fabrics.

Offered in both Ash and Walnut timber, the CANVAS COLLECTION allows users to personalise their cabinet to their individual needs and preferences. The Ash variation is offered in nine finishes.
