

Gioielli
Ceiling/Wall

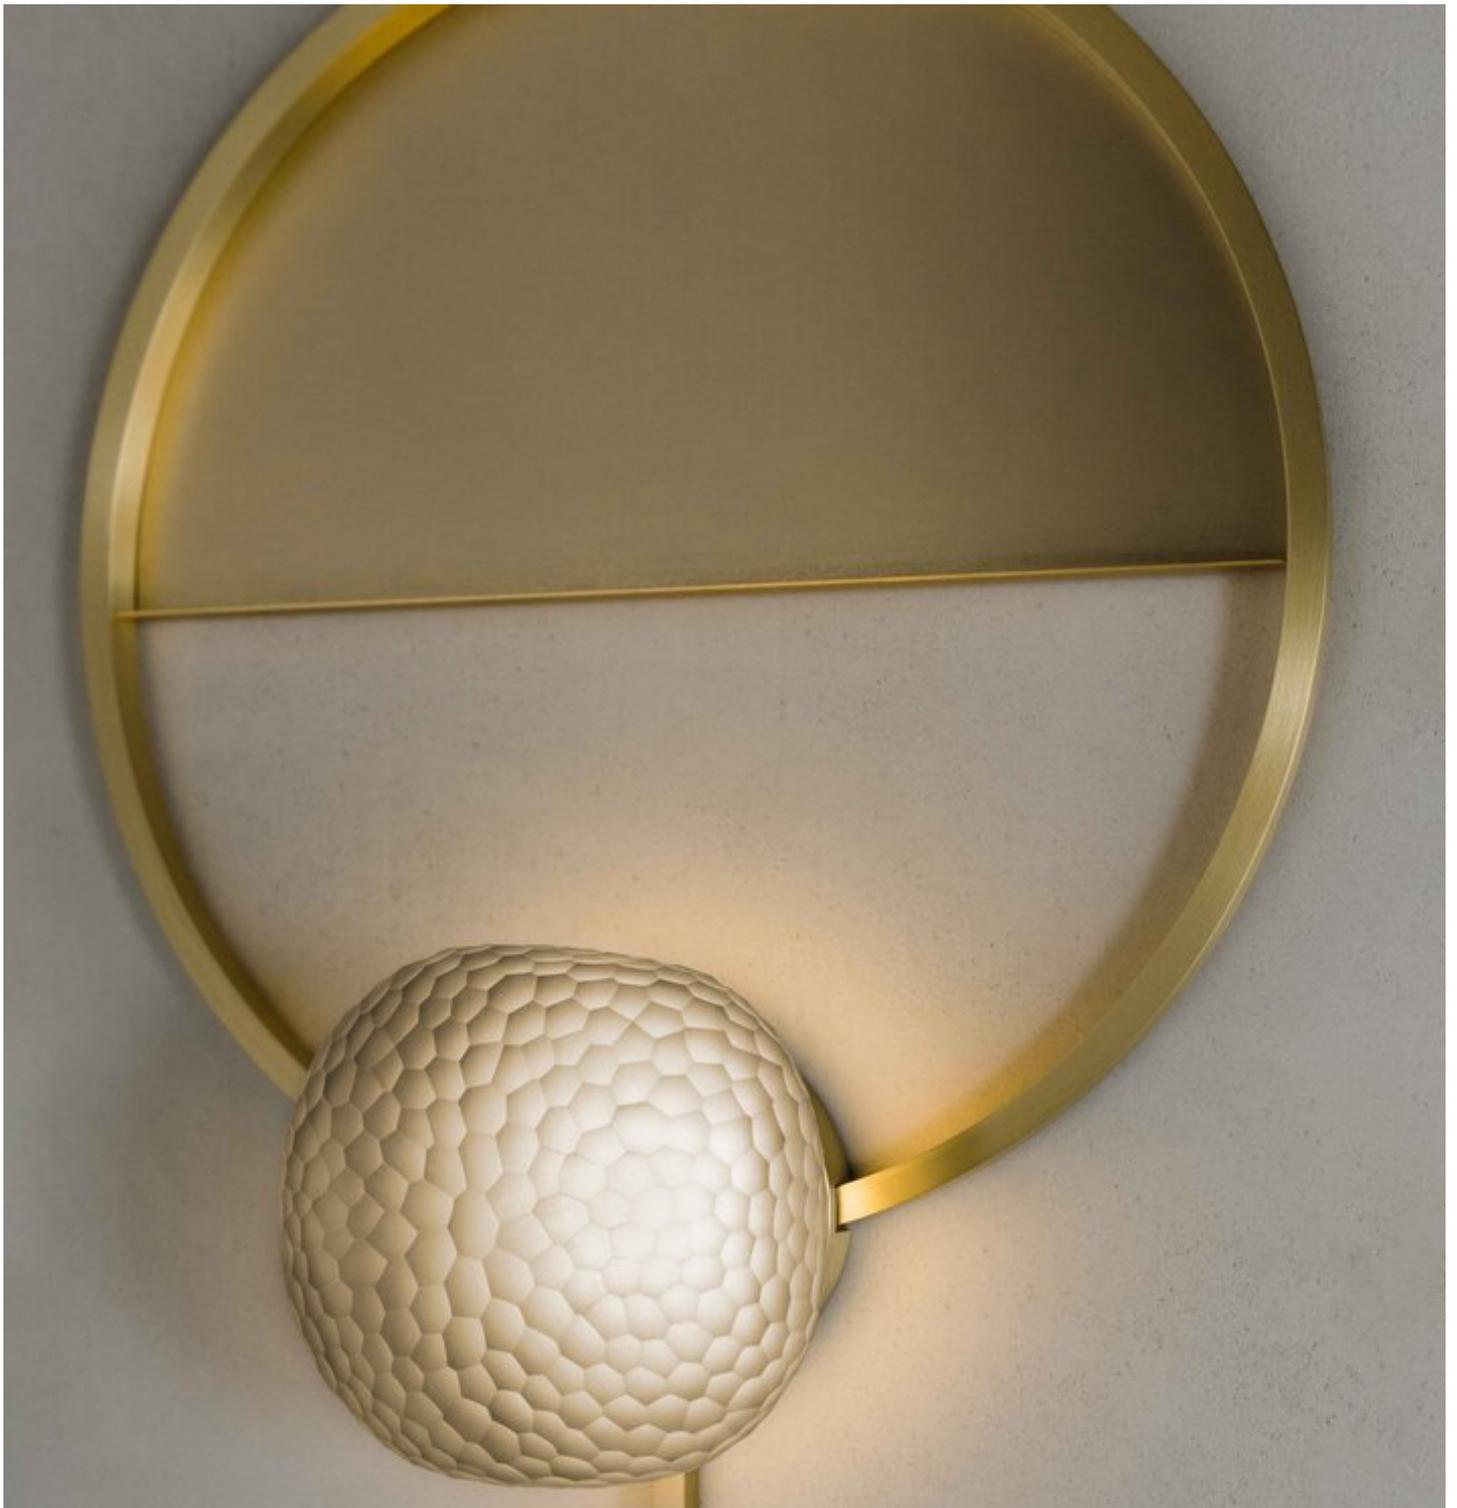

SALESHEET

Sometimes we love finding secrets. Suddenly, we open our grandmother's antique jewelry box, and precious stones, noble materials, and memories of past beautiful times leave us mesmerized.

A jewel brings its history, secrets, and passions, something we love to put into our light projects. The Gioielli collection with its sculptural appliques is our tribute to the painstaking and passionate work of the goldsmith.

The light is modulated through different textures, giving a dense and elegant decorative touch to the walls of the living space.

A series of precious appliques, handmade with lost wax cast brass, Murano glass becoming precious stones. Each Gioielli lamp captures and reflects the light from a spherical crystal lens enclosed in a cylinder of shaped brass.
